

Newburyport H.S. is partnering with **College Aid Pro** so our families can save money, time, and stress during the overwhelming college application and funding process.

Newburyport has invested in CAP's all-in-one financial aid and scholarship platform so our students and families get FREE access to:

- ✓ An instant (and *accurate*) **net price calculator for every college** so you know what financial aid package each school will give you
- ✓ **Every scholarship at every college** and which ones your student will likely receive
- ✓ \$9.1 Billion searchable **private scholarship database**
- ✓ Customized guidance on **when and how to appeal** to colleges for additional free aid

Even if you don't think you'll qualify, activate your account to find out where you stand. Great, affordable schools are out there! Don't assume you have to pay full price.
