

THE PETERSON SCHOOL & NHS Trade Programs

Program Requirements

- 11th graders are required to complete the Basic course during the spring or summer semester
- Students will begin the second course in either Sep or Feb, that is a 9-month course that meets twice a week for a total of 300 hours, in addition they will also start their Apprenticeship requirement that spring or next summer
- All course expenses will be fully covered by NHS
- Students' NHS schedule will be revised accordingly to accommodate these classes

Electrical, Plumbing and HVAC Program Details

These programs offers hands-on training designed to prepare students for a career in these trade fields, enabling them to start working as apprentices upon completion. Students will have the opportunity to enter the workforce as an entry-level apprentice employees with master contractors in their area of trade, all while progressing toward licensure. Additionally, each student will receive their own set of tools to ensure they are well-equipped and ready to begin their work in the industry.
